ALL-WHEEL DRIVE MODELS

Mast is Constructed of 6.25" Hardened Steel Mast Channel

Gauges are Located in front of Operator

Integrated Counter Weighting Offers Increased Performance & Strength

Wheel Motor Hubs Are Gusseted For Strength

Simplified Steering Mechanism Offers Strength & Ease of Maintenance

Self Sealing Industrial Bar Tread Tires

Adjustable Guide Blocks Keep Lift/Slide Carriages Straight in Frame

Center Positioned Suspension Seat Provides Outstanding Comfort, Safety and Vision

One-Piece Frame Design Offers Increased Frame Strength & Effectively Transfers Road-Shock When Mounted

FORKLIFT MODELS

4000 SERIES

(applications: sod, mulch, ag. feed, fertilizer, general building materials, brick, block, stone & pavers.)

For almost two decades, Chrisman Manufacturing, Inc. has been producing the Navigator line Truck-Mounted Forklifts.The philosophy has been the same from the beginning... build a simple, durable , easily maintained machine and customers will always return. Navigator owners know that they have a quality machine, but will always have the assurance of one-on-one support straight from the factory. No other manufacturer can claim the level of support that Navigator offers.

5000 SERIES

(applications: sod, mulch, ag. feed, fertilizer, general building materials, brick, block, stone & pavers.)

5500 SERIES

(applications: lumber, dry wall, general building materials, brick, block& pavers.)

While the simple, durable design remains, Chrisman Manufacturing takes full advantage of new & improved components. Every component chosen for the Navigator is rigorously tested to make sure it is of the highest quality.

Now, as Chrisman Manufacturing continues to move towards two decades producing the finest Truck-Mounted Forklifts on the market, our desire for complete customer satisfaction remains our primary goal.

6500 SERIES

(applications: lumber, dry wall, general building materials, brick, block& pavers.)
